**Due to the lack of competition over the last year, for all events on Sunday, we are using metrics in addition to BROE's crew ranking index. For each entry, you must submit a predicted 1,000m time, which may be used to create bandings for large events. The time trials will be 4-lane racing from a stakeboat start. The fastest crews across all time trials will be seeded into respective ABCD finals, with up to the slowest 2 crews being eliminated. We believe this will provide crews with the best possible side-by-side racing.*
