Primary Conditions of Entry (further competitor instructions and conditions will be published together with the draw)

1. Should the Head need to be cancelled either before or during the competition on the grounds of safety we will endeavour to make a partial refund of entry fees once accurate costs have been calculated.
2. The race is upstream and usually into a head wind; all crews who enter must be of sufficient competency to race in these conditions.
3. Competitors, coxes and their coaches are reminded that persons using this water course do so entirely at their own risk and are solely responsible for deciding whether or not they are competent to use the water course in the prevailing weather conditions; **this decision may be taken by an individual or with their coach / crew**.
4. For large events, we may use BROE's CRI to band these into smaller categories.
5. All Junior entries are required to be in the J15 age band or above.
6. Where necessary, Masters events may be combined, and race times adjusted using the British Rowing handicapping system.
